

## SPONSORSHIP OPPORTUNITY

### “Canada’s Most Influential Businesswomen”

Canada’s businesswomen are influential. They have the ability to change things. The choices are unlimited in how they can make a difference, and women with a sense of purpose are making a significant impact on business—and society.

Who are these women, and how do we recognize and honour them? They are businesswomen from all professions, as well as mothers, teachers and role-models who, during their busy schedules, have truly made a difference.

Donna Messer of ConnectUs International will be connecting with women’s associations from across the country, searching for those women in business who have made a difference in the lives of their peers, their companies, their industry. “Canada’s Most Influential Businesswomen” will be featured in the January 2007 issue.

**Sponsorship deadline: TBA**
